

Wise Corporations

Preventative Maintenance Program

We are proud to offer this extensive program to our most valuable customers. A brief telephone evaluation will help to assist with the following; current condition of your equipment, any service work that may be required to extend the life of your equipment, and the Preventative Maintenance (P/M) Package that best meets your requirements.

P/M Calls Include:

Thorough inspection of electrical system & components, air system & components, and mechanical components.

Adjust and tune in all cuts and reveals to specifications.

Equipment cleaning, lubrication, and other standard maintenance.

Operator training in trouble shooting, machine operation, and operation adjustments.

Extensive check off list for Wise equipment.

Equipment report (Keeps you up to date with all problems, updates available, maintenance performed, and all parts needed.)

Access to our Toll Free Service Hotline.

Priority for emergency services above non-plan customers.

Parts inventory replenishment and recommendations.

Consultation on upgrades, new tools, and machine innovations to help improve productivity.

Discounts & Promotions:

Gift Set: Receive a complementary gift pack.

Parts purchases: 10% discount on all parts purchased throughout the year.

Additional Standard Service: 10% discount off labor for any additional service throughout the year.

Emergency Service: Rates are reduced to standard service rates, with no additional fees.

Machinery: \$500 off any new equipment order.

Advanced Payment Discount: 10% off desired plan.

***Offers above valid for contract location with current membership only.**
